The students' desire to know more about their world climaxed on October 28, 1970, with Lakewood High School's Rap Day. Students sat down with their peers and their parents to earnestly discuss topics of their own choosing. This P. T. S. A. sponsored program was a Lakewood "first," which has been in much controversy since its conception. Most who attended considered it a success; others felt it had a corrupting effect. However, all must agree it opened up a future of communication for its participants.

Probably the most influential pieces of paper at Lakewood, with the exception of grade cards, is the SPECTATOR. It is published to inform the students of the happenings of Lakewood High. It also provides a forum for the students to air their views on matters that concern them. The SPECTATOR'S most important function, however, is to give students experience in responsible Journalism. This year the paper was edited by Mike Penn and sponsored by Mrs. Loveday.

Remember the HARBINGER. . . the literature magazine that has been threatening to come out for the past three years, but has never quite made it? This year it may no longer be a threat, but a startling reality. Its purpose is to publish outstanding works of prose and poetry written by Lakewood High students. It will hopefully be edited by Shanon Keegan and sponsored by Mr. Moninger and Dr. McLain.

FOREIGN EXCHANGE

Lakewood's foreign exchange students this year have been, in their own ways, very active in clubs and activities. They are all members of National Honor Society and are also members of AFS. Jan and Dave are active in the National Forensics League, and both participated in the district qualifying meets; the results at those meets qualified them for the district final held on February 27. Probably both will go on to the state tournament in March. Dave and Jan have also participated in the plays Lakewood produced this year; Jan was in THE MIRACLE WORKER, and both Dave and Jan were in YOU CAN'T TAKE IT WITH YOU!

Brigitte is president of the French Club this year (which is probably a great advantage for the club) and is also active in the Ski Club. Dave is the president of the Political Action Club and is also a member of Thespians. Sports and music are also parts of David's life; he joined the tennis team and later went to State in tennis, and he sings bass in the A Cappella Choir. Jan is involved in the Future Teachers of America program and is currently an assistant teacher at Fletcher Miller Elementary School.

ecember 6 in Holland, the day of the Dutch Santa Claus tradition:

ive-hundred years ago a very good man died, and he had been so good that God made him immortal and et him live on earth to make other people happy. So this man, called Sinterklaas, lived as a Catholic ishop in Madrid, Spain, in a big castle with a lot of black servants. Every year in November he comes o Holland in his big steamboat with his black servants and his grey horse. He, on his horse, and his ervants travel through Holland over the roofs of the houses (they have had trouble the last couple of ears with the T. V. antennas) and write down the names of all the good and bad children in a big golden ook. On the evening of December 5th, the day before his birthday, he goes to all the houses with chil- ren; the good children, who put their shoes and some carrots for the horse near the chimney, get pres- nts, and all the bad children get nothing. The very bad children go to Spain with Sinterklaas, and. . . ney are ground and used as a tasty base for candy.

Jan

Our schools in France are just the opposite of what I have seen here and our schedules are different; we o not have much choice regarding the classes. The extra-curricular activities such as clubs, choirs, nd sports often do not exist. The students are asked to do much more homework, and therefore the spare ime during the week is very limited. Open discussions with a teacher and communication with the faculty re sometimes very poor, but it is due to a regrettable lack of time. These are some of the reasons why have enjoyed this school year at LHS, and at the same time I have learned a lot. Even if it surprises ou, I think the students are lucky here, because they have more fun and in a certain way are more en- ouraged toward personal improvision and responsibility than we are.

Brigitte

The parochial school I attended back home was much smaller than most, with 300 students attending. Each lass had its own room; and, as a rule, the teachers would come around to the classes, except where a lass had to use specific equipment. There were few subjects to choose from, unlike Lakewood's, but what e did have was done in more depth. The most significant difference is the size between the schools; the esult of which has given the students a better opportunity to form more personal relationships with their eachers. There was also a formal relationship where the students would stand up when a teacher entered room, no talking in the halls and no gum-chewing in class. School uniforms were required. Sports were n a much smaller scale. We would go out for football and tennis at the same time--with practice being naybe once or twice a week. A large attendance at games was a rare thing and organized cheering was ried but would always fail after a while. We'd lose a few and win a few, but either way--all sports were ust fun.

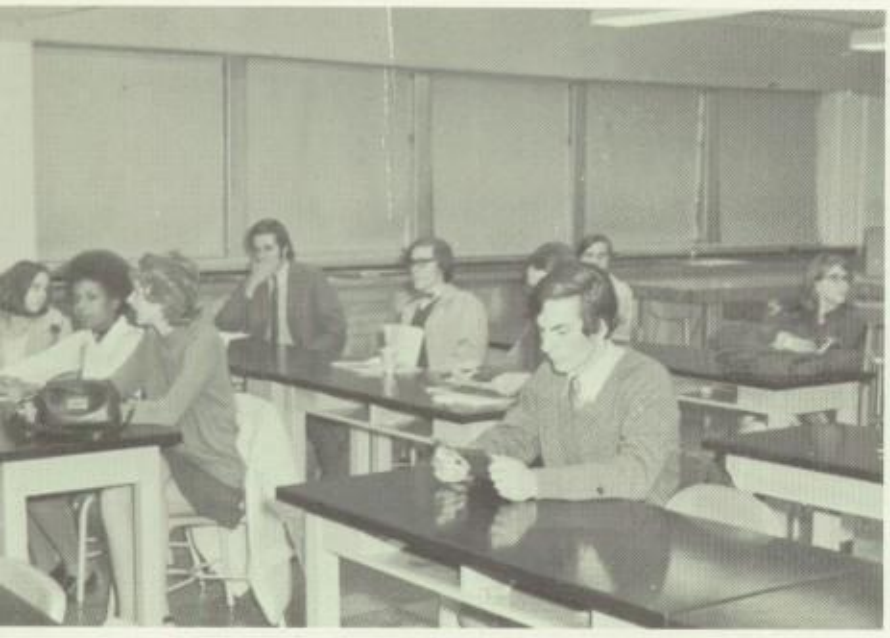
AT LAKEWOOD



Lonely minutes in preparation

The Forensics meet held at Lakewood on January 16 proved to be quite exciting. Thirty schools from all over Colorado were represented by over 450 students. Lakewood had several members of the speech team place in the semi-finals, and three Lakewood students went into the finals. Our exchange student, Dave Perlman, won a second place trophy in oratory. The team is coached by Mr. Richard Johnson and Mr. Frank Windholtz.

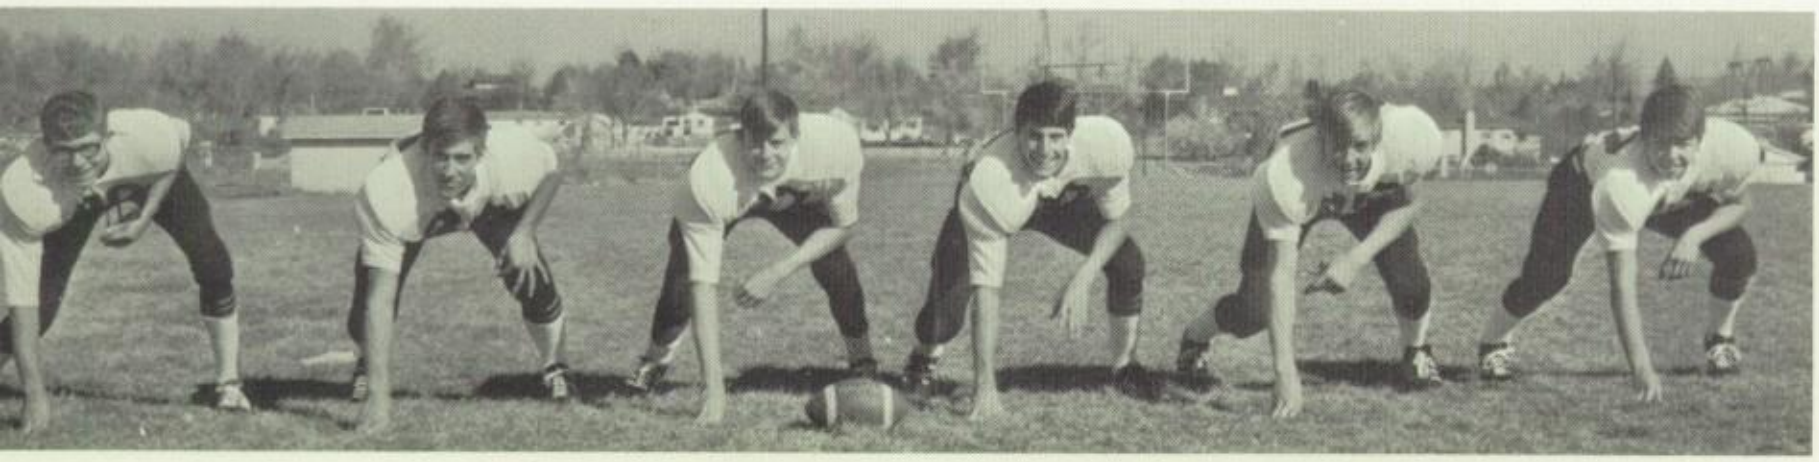
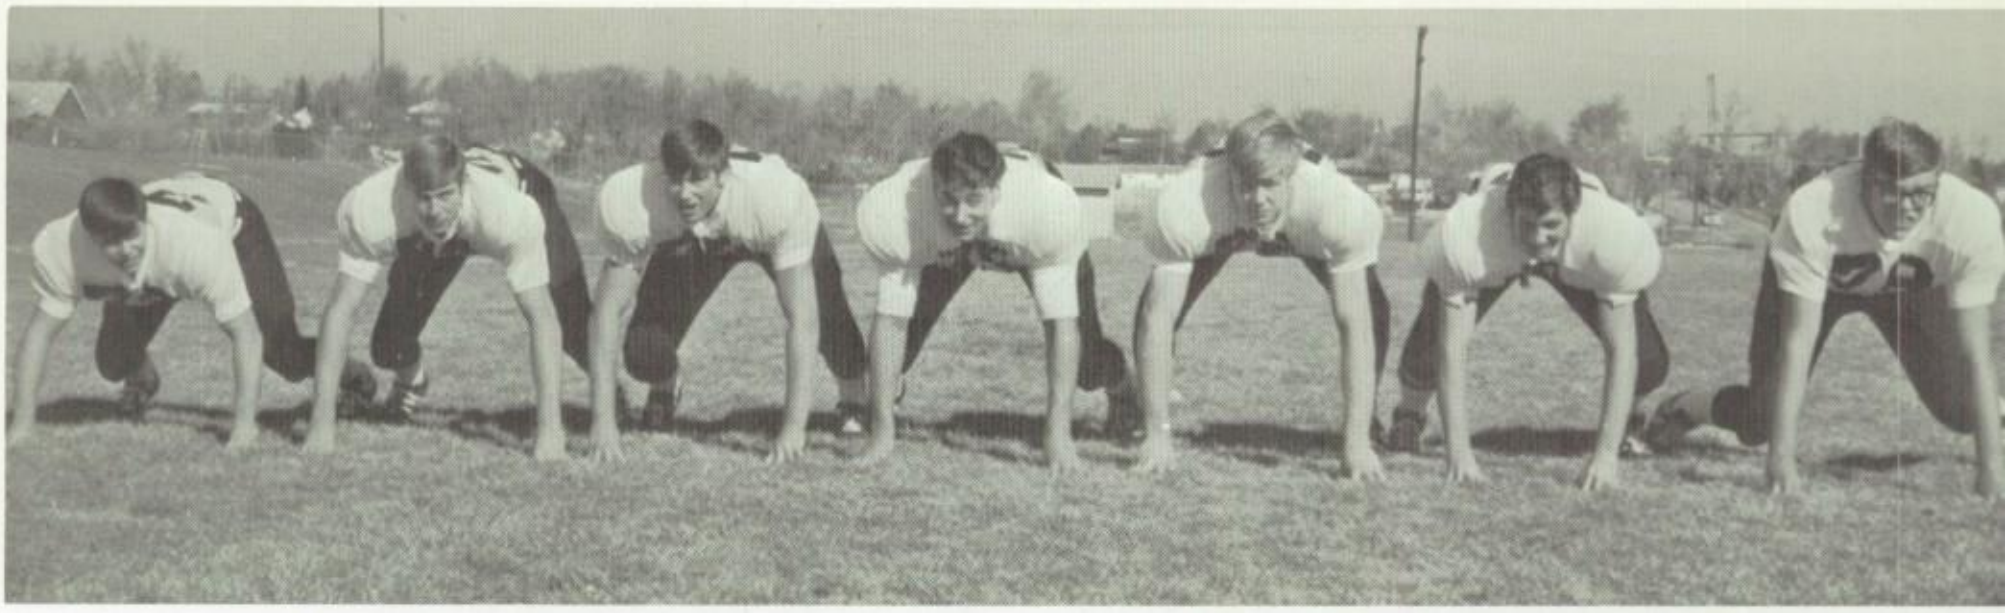
John Hancock races downfield.

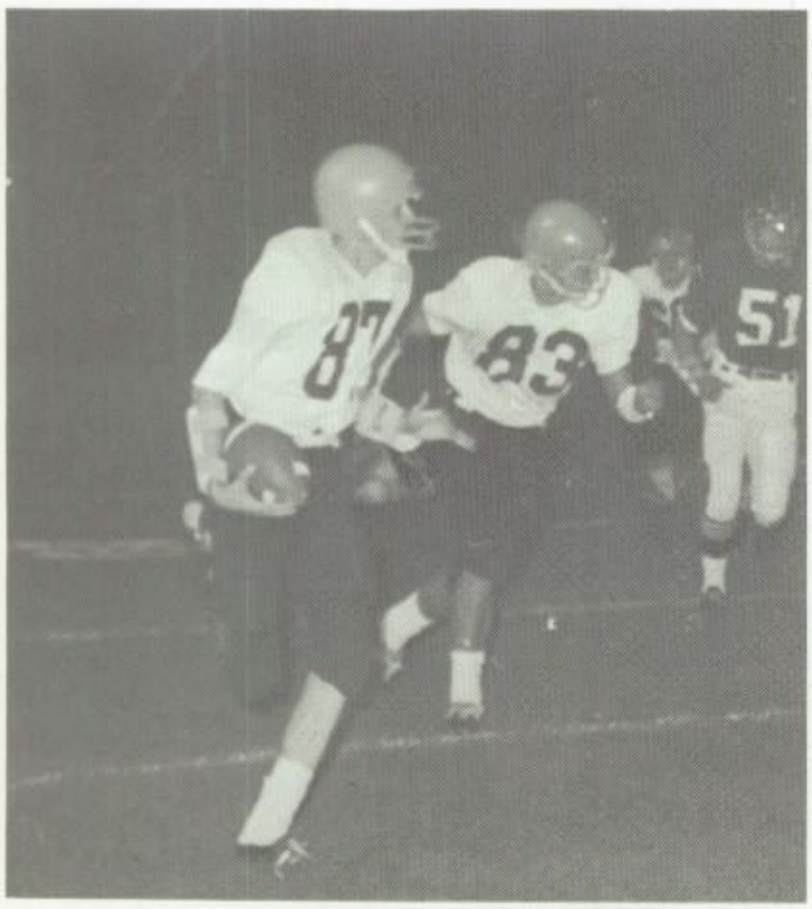
Clint Cator lofts a long pass.



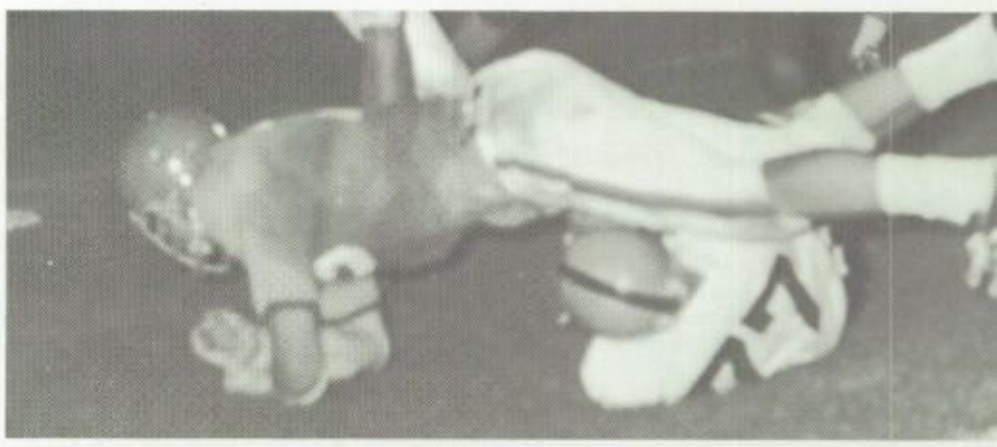
Kieth Kemmerer, Bill Hadden, Chuck Malito, Rudy Martin, Scott Piper, and Gordon Brown were the dangerous Lakewood pass receivers.



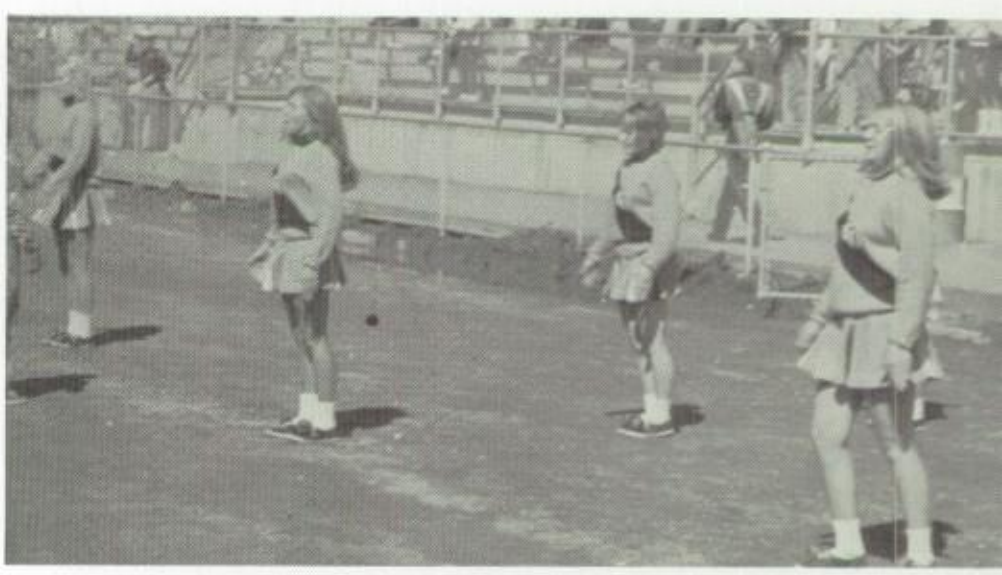
Lakewood's tackle spots were filled by Henry Swartzlander, Gerald O'Connell, Ty Ver Valin, Merrell Cooper, Jim Opperman, Steve Beard, and Mike Robinson.



Chuck Malito heads up field with Bob Van Dittie blocking for him.



Ty Ver Valin really puts a block on a would-be tackler.



Cheerleading leaves very little time for enjoying a good game.

We're Tiger Proud

The Tigers compiled a 7-1-1 record that disappointed some and surprised others. Coach Jerry Davis, in his second year as head coach, was at the helm of the 1970 Lakewood Tigers. They surprised a strong Arvada West squad in their first game, and lost a toughie to Wheat Ridge for their only loss of the year. The Tiger football squad certainly deserves a lot of praise for its efforts.

The Racket Club

Lakewood's 1970 tennis team won 9 and lost only 2 in compiling the best record ever by a Lakewood High tennis team. It was, in fact, the first winning season that our tennis team has ever enjoyed. Coach Ahlquist guided the team to a strong second place finish in County, and had all three of his singles players advance to State. Congratulations are certainly in order for their fine job!

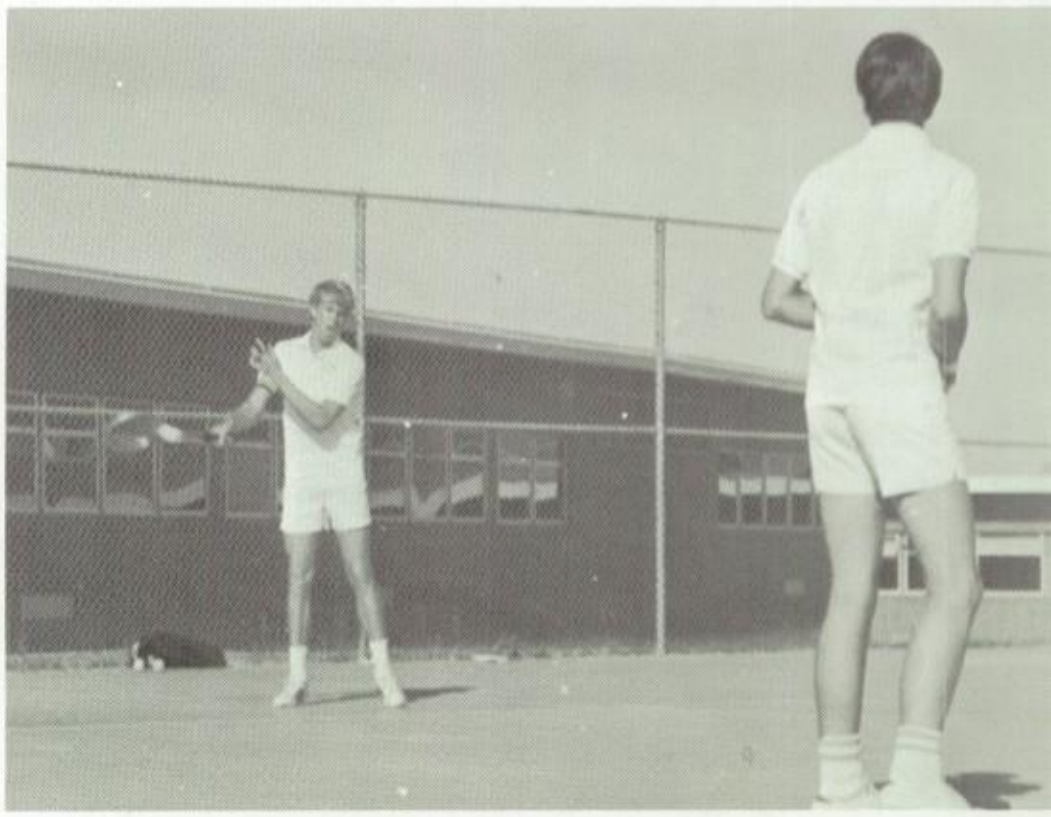
9-2

Gary Svoboda was undefeated in county in his 2nd singles spot.



Dave Stockhaus and Kip Wotkyns formed our strong 1st doubles team.

The spectators at our home tennis matches really helped our team's spirit.

Dave Perlman, our exchange student, played 3rd singles for our team.

ood timing is essential in
a overhead smash.

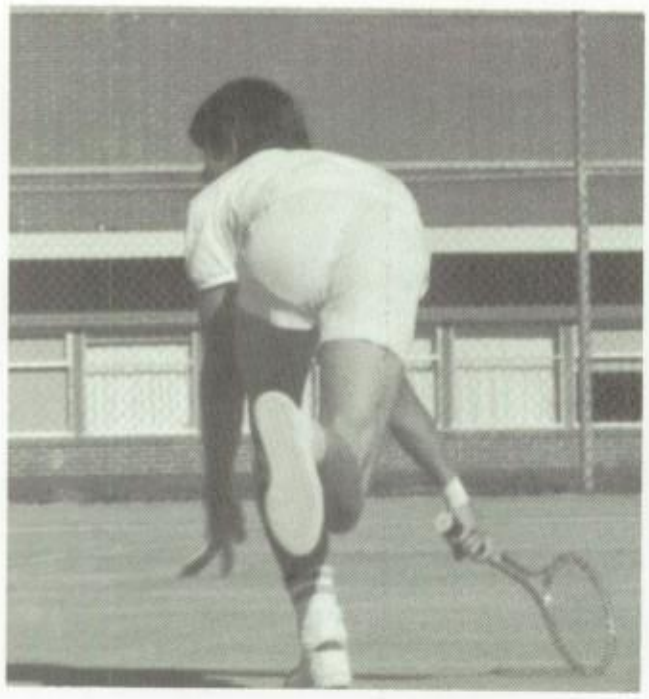
Gary Svoboda's ability to place his shots really made his game.

Casey Crandall really boosted moral with her steady attendance at matches.

John Wotkyns and Guy Dutra-Silveira played 2nd doubles.

arry Adams was undefeated in county
his 1st singles position.

The students who turned out for the tennis matches were treated to some fine play.



Superb balance is a real asset to a tennis player.

Larry Horgan, 4th singles, reaches for a backhand.

Tigers on the Run

This year's Cross Country team, under the new leadership of Coach Pat Conroy, enjoyed a fine season. The team trained very hard, and even went to Leadville for some mountain running. This training helped them to place fourth in the Jeffco Invitational, second in County, fourth in District, and sixth in State. Lakewood was paced by the superb running of Marty Bothom.

Pat Conroy is our Cross Country coach.

Bob Culnan ran for his best time of the season in this race.

A couple of Pep Club girls urge the Lakewood runners towards even greater efforts.

The runners gather in their respective squads for the start of the race.

Coach Conroy looks on as the times for his runners are taken.

Gary Jones familiarizes himself with the course before a race.

Two miles seems a distant goal to Gary Giovanini as he nears the mile and a half mark.

Nothing makes you more tired than watching other people run!

Cross Country runners have to warm up thoroughly before their meets to prevent cramps.

On the Beam

Mrs. Boyles, in her first year as girls' gymnastics coach, developed her girls into a highly competitive team. The team competed well in District, and several girls qualified for State. JoAnn Krier, Patty More, and Linda DeFord went on to the finals of the state meet, and Patty More wound up fifth in State in vaulting. Congratulations to all the girls for their fine performances.

FUTURE TEACHERS OF AMERICA

Officers: Nancy Heinemann, Chris Johnson, Roy Neill

Future Teachers of America comprise a progressive club that studies modern trends in education. The group took part in many activities, including their jobs as assistants to teachers in various local schools. Field trips enabled them to observe different styles and innovations in the educational system.

BOOSTER CLUB RAFFLE

Marlis Reece, Cathy Braun, Penny Currier, Sally Meiresonne, with the grand prize.

The Lakewood High School Booster Club sold raffle tickets between the months of January and June. The Grand Prize: a dune buggy. The dune buggy was made especially for LHS. Many people had the chance to see it at the Wheat Ridge-Lakewood basketball game on February 27, 1971. All proceeds went to the various clubs and organizations of Lakewood. The drawing was held on June 6, 1971.

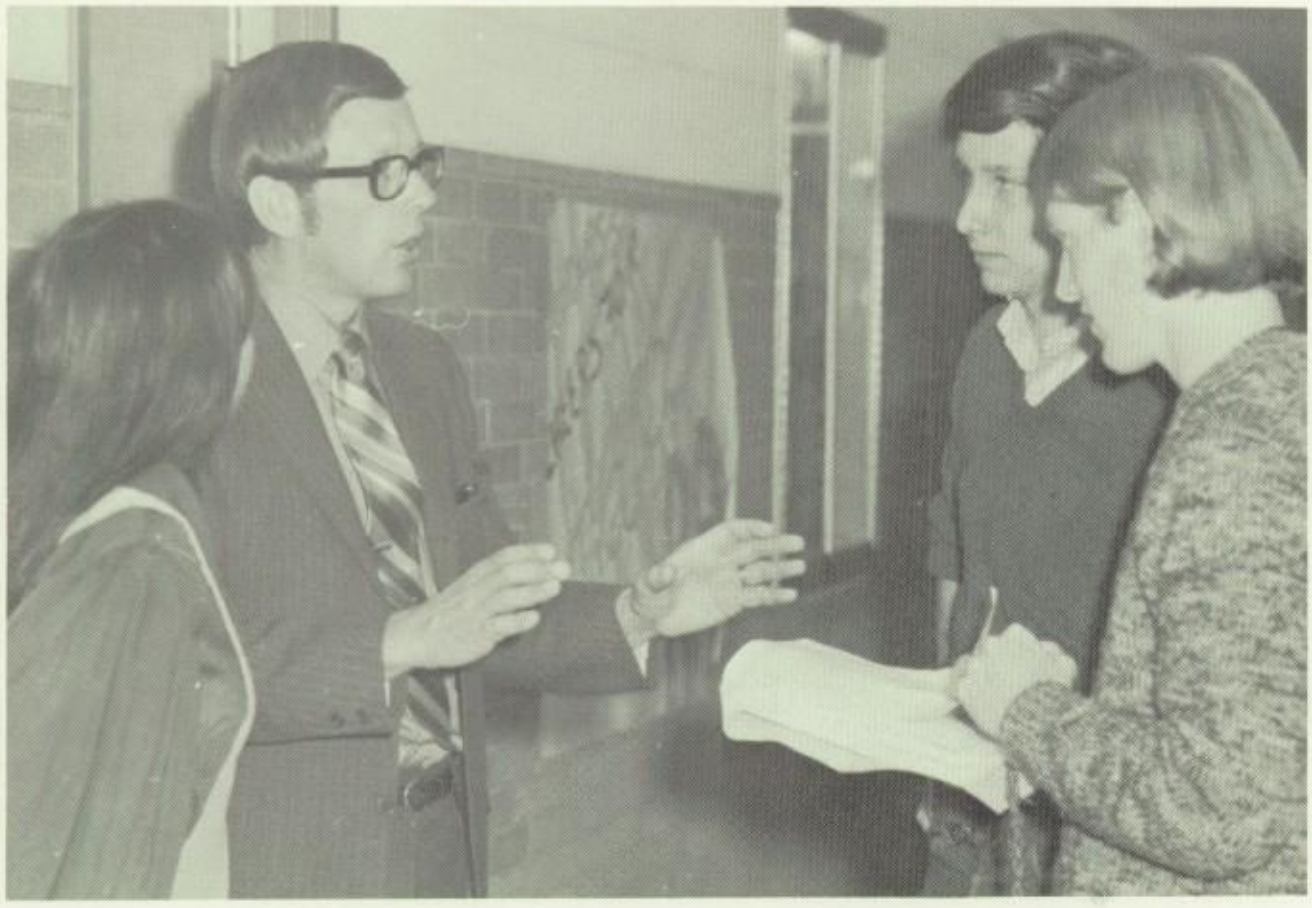
FACULTY

THE BOARD OF EDUCATION

FIRST ROW: Lewis E. Stieghorst, Wayne A. Van Arsdale. SECOND ROW: Dr. Frank A. Traylor, Dr Richard H. De Voto, Dr. W. Del Walker, Paul R. McEncroe.

The school board--a guide to all students in the county. They supervise our school life and educational process. They work under the strain of public education's desires and needs. We see the results of their labor in everyday school situations.

DR. W. DEL WALKER, Superintendent



Administrator

This has been an exciting year at Lakewood High School. Our main emphasis has been to open communication lines between all segments of our community-students, teachers, parents, and all other interested citizens.

We have had our problems as the segments listed above have come to know each other better. Living in an era of such rapid change, we have learned and must continue to learn that there are many ways of achieving common goals and objectives--the important element is that we have those common goals and objectives.

I feel that this year we have made a good start at re-evaluating what we are trying to do at Lakewood High School. The class of 1971 can be proud of its accomplishments. The class of 1972 has a very active and exciting year ahead of it. The class of 1973 will have the opportunity to continue to mold our school to best suit the needs of the individual as well as of society.

I consider it an honor and a privilege to have the opportunity to serve the citizens of Jefferson County as your principal. I appreciate your support and welcome your continued involvement in the affairs of our "community school".

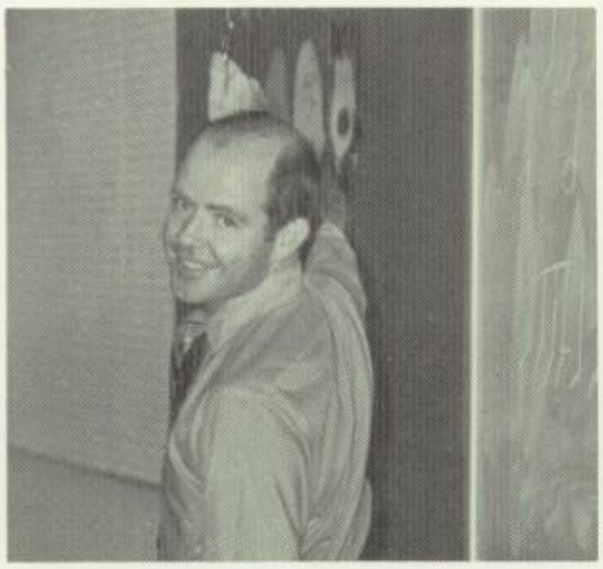
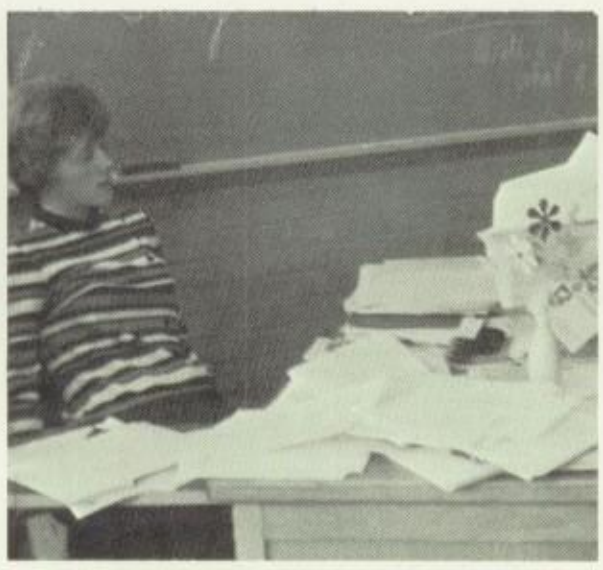
THE CHIEF AIDS

Two men at Lakewood High School have exuberantly fulfilled their duties as assistant principals. They are responsible for the organization of student activities and are deeply involved with the welfare of the students. These men, designed of understanding and responsibility, have aided greatly in the operation of Lakewood.

RICHARD POWNALL, Assistant Principal

GARY EYRE, Assistant Principal





COUNSELORS

The counselors work closely to ensure students of quality education and hope for the future. In their offices we can confide our problems and be assured that someone will be there to listen to them. They give us advice about the steps we take toward the future and confidence in those steps. To them we owe our thanks.

ENGLISH

English has become the learning experience needed to stimulate the minds of the students. This year students have had an added advantage. They were able to study specific topics in which they were interested. The advancement of our English system indicates the activeness of this department.

Students at Lakewood have an opportunity to experience the vocational aspect of life. Here they are provided with the skills that can be an asset to them in deciding on and working at their chosen careers.

DEWITT MERRITT, Bookkeeping, Office Occupations II, Business Machines

GOLDA LANGE, Shorthand I, II, and Office Occupations I

WILLIAM SCHMITZ, Distributive Education I and II, and On-Job-Training

MATH

Mathematics involves the use of visual aids and the minds of the students. Here they are challenged with the problems of the future in terms of today. The levels of math, geometry, algebra or trigonometry each present a goal for students to achieve. Their satisfaction comes in that achievement.

SOCIAL STUDIES

The Social Studies department provides the students with an opportunity to learn about the social aspects of the world. Topical areas are chosen and from there, in depth studies are made. Decision making plays an important part as the students are urged to develop critical thinking and arrive at their own conclusions.

INDUSTRIAL ARTS

New dimensions can be opened to the students of the industrial arts classes. Here they use their hands in a constructive manner to create useful products. They acquire new skills while working with metals, woods, and plastics. Many creative and original pieces of work are assembled in the shops and later used by the students as the result of many hours of dutiful labor.

LIBRARY

Student's learning and independent study are enhanced by quiet study areas and seminar rooms provided in the Lakewood library. Individual study carrels are used, and current magazine and periodical selections are available to enrich classroom study. Students use reference materials and newspapers during study hall before and after school. Students are rarely at a loss for good reading materials.

The children are not your children . . .
You may give them your love, but not your thoughts,
For they have thoughts of their own.
You may house their bodies, but not their souls,
For their souls dwell in the house of tomorrow.
You may strive to be like them, but seek not to make them like you,
For life goes not backwards nor tarries with yesterday.

I respect you
not only for wha
you have made
of yourself
but for wha
you are making
of me

Deb,
This was a fun year especially since I was in German with ya. Remember at the beginning of the year when we taped notes together. That was really a blast. Well this year is over but maybe next year will come up with something more entriging to do. Have lots of fun this summer and call me if I don't call ya. Good Luck and stay sweet.

Luv, Audrey

P.S. - I'm sure you don't

Deb —
Well here I am
writing in your annual.
I can't tell you how
dumb you are and what
fun you're missing. Well I
guess I can — you're ready
dumb but you're sure
been fun to know. Hope
I'll see ya this summer
me & I'm sure I will
next year.
Good Luck!
(have fun at Copper Kit.)
Vicki

Debbie,
You'd think we
didn't have more
classes together our
I'm sure it would
have been funner (?)
if we did. Oh, well,
that's the grapes. Maybe
next year... Have fun
this summer & Be
good.
Good Luck.
Peggy

Deb,
I'd one of the
greatest girls I've
ever met. May we
get to be better friends
as time goes by.
Good Luck!
Love
